

INTERNATIONAL SOCIETY OF
COSMETOGYNECOLOGY

WORLD CONGRESS ON FEMALE & MALE COSMETIC GENITAL SURGERY

SEPTEMBER 29, 30 AND OCTOBER 1, 2011

The Venetian Hotel in Las Vegas, Nevada

This activity has been approved for up to 21 Elective CME credits

The demand for cosmetic genital surgery in women and men is soaring. The International Society of Cosmetogynecology is proud to announce the 1st World Congress on Female & Male Cosmetic Genital Surgery.

The society has assembled the world leaders in aesthetic vaginal surgery, phalloplasty, and male/female female/male transgender surgery to share their expertise and interact with the attendees.

The Congress sets the standard for this new subspecialty and provides a complete overview of the field to gynecologists, urologists, urogynecologists, and cosmetic and plastic surgeons.

Day 1 - Thursday, September 29, 2011: Pre-Congress Post Graduate Course

A PRACTICAL AND COMPREHENSIVE REVIEW OF VAGINAL SURGERY FOR THE COSMETIC VAGINAL SURGEON

A Significant number of women requesting vaginal cosmetic procedures have associated pelvic floor defects that require surgical correction. The cosmetic vaginal surgeon must be prepared to perform safe and effective functional aesthetic vaginal surgery. The course will present our current understanding of the pathophysiology, evaluation, and surgical management of pelvic floor dysfunction. Lectures and videos will be used to describe and demonstrate the surgical procedures.

Days 2 & 3 - Friday, September 30 and Saturday, October 1, 2011

Topics range from simple cosmetic vaginal operations and penile operations to cutting-edge techniques for neovagina, vulvar reconstruction, phalloplasty, male/female, female/male transgender surgery, including procedures for male breast augmentation and female mastectomy for sex reassignment.

The Congress will critically examine the nomenclature, safety, effectiveness, complications, controversies, challenges, and innovations of this exciting new field.
